NAVY ASSISTS AT BRILLIANT WEDDING

Marriage of Miss Daingerfield and Ensign Henry Le Bourgeois.

USHERS IN UNIFORM.

Many Out-of-Town Guests are Present—Reception Follows Ceremony. Church is Beautifully Decorated.

St. Paul's Church, the scene of so many beautiful weddings and whose interior would seemed to have been designed by its architect for the purpose of handling ceremonies of this character, never looked upon a lovelier and more imposing sight than on last night when all of Alexandria's society together with many prominent representatives of different cities of the Union forming a glittering galaxy of fashion and beauty, assembled to witness the marriage of Miss Beall Daingerfield, daughter of Mrs. William Bathurst Daingerfield to Ensign Henry Blow Le Bourgeois, United States navy. The bride among her connections numbers many of the leading families of Virginia and Maryland. She herself, is one of the most beautiful, accomplished and widely known belles in Northern Virginia. The groom is of an aristocratic French family of Louisiana, the son of the late Joseph Charles Le Bourgeois, and grandson of Henry Blow, one time minister to Venezuela and one of the first csommissioners of the District of Columbia.

The church was beautifully decorated with white roses and daisies, and daisy chains entwined the pillars and the railings of the steps leading to the altar. The seats for the family were marked with bunches of roses. The music consisted of the organ, played by S. B. Fowler accompanied by the orchestra from the U. S. Ship Dolphin.

The following was the musical program: Selection, Tannehouser, Wedding March, Lohengrin, "Heart's and Flowers," wedding march, Mendelsohn.

The maid of honor was Miss Harriet Daingerfield Love, niece of the bride, and the bridesmaids were Misses Barbara Campbell, of Charlestown,W.Va,.Miss Kate Edmunds, of Lynchburg, Miss Sue Munford, of Annapolis, Miss Mittie Herbert, Misses Hattie Douglass and Esther Burke, of Alexandria.

The best man was Ensign Jules James, U. S. N., and the ushers were: Lieut. Patrick Bellinger, Lieut. William T. Mallison, Paymaster John H. Knapp, Ensign Archibald Hugh Douglass, Ensign James R. Barry, and Capt. Von Hord, U. S. A.

Promptly at 8:30 the bride entered on the arm of her brother, Mr. Bathurst Daingerfield who gave her away. She was a vision of girlish beauty and loveliness in a gown of white crepe meteor,the bodies of chiffon and point plique lace embroidered in pearls; the chiffon panniers of the skirt were caught with pearls. The veil was of point plique lace with a wreath of orange blossoms and the bridal bouquet brides roses and lillies of the valley.

The maid of honor wore an accordian plaited point d'esprit draped with charmeuse and caught with tiny rosebuds and carried sweet peas. The bridesmaids carried directoire sticks with bouquets of pink sweet peas at the ends tied with large pink tulle bows. The first two were gowned in deep rose, the next two in a lighter shade and the last two in shell pink.

The ceremony was performed by Rev.Peter Parker Phillips, rector of the church, immediately after which a beautiful reception was held at 215 north Washington street. The house was decorated in pink roses, palms and wild flowers, the orchestra, from the U. S. Ship Dolphin, playing throughout the evening.

Among the out-of-town guests were Miss Susan Blow, Mr. and Mrs. Herbert Wadsworth, Captain and Mrs. R. O. Van Horn, Miss Nelka de Schmernoff, Mrs. James H. McGavock, Mr. Joseph C. Le Bourgeois, Mr. and Mrs. James Edmunds, Col. and Mrs. Winter, Col. and Mrs. Kean, Mr. Key Daingerfield, Miss Luck Hoke Smith, Lieut. Hoey Miss Emily Beattie, Dr. and Mrs John Burke, Lieut. and Mrs. Fairfax Leary, Dr. and Mrs. John Van Ranslear, Capt. and Mrs. Mark Brooke.

GIRLS HERE SATURDAY.

Female Baseball Players to Takle Cardinals.

When the Chicago Star Bloomer Girls blow into town Friday night, prepared to give battle on the diamond against the fast Cardinal A. C., a novelty in the baseball line will be staged at the local park Saturday afternoon at 4 P. M. It is seldom that such an opportunity is offered the fans, to see the Ladies try their hands at the national pastime and should be well worth visiting to see such an aggregation in action against the opposite sex.

The batteries for the Star Bloomers will be composed of Miss Kelley and Miss Smith, and from all reports Miss Kelly as a twirler has a vast assortment of benders and twisters with perfect control which goes a long way in the making of a successful pitcher; while Miss Smith, has a reputation of being a true pegger to second and sure dead to base stealers, Dumpty Sue in left field is a clever fielder as well as a heavy hitter. The short stop is the only man on the team and from all indication they will be able to give a very good exhibit.

The Cardinals will not put up a listless game as may be supposed but will try and swamp the Bloomer Girls.

With Burgandine, Cox or Risden on the firing line with "Wheels" Jones or "Jap" Patterson doing the receiving, a strong front will be placed on the field.

Daniels was elected delegate from the local lodge with T. D. Downey as alternate.

SAYS CANCER IS CONTAGIOUS.

Dr. Schmidt Says It's Caused by Parasite.

Cologne, Germany, June 4.—Cancer has been proved to be a contagious disease caused by a parasite and it can be healed, according to Dr. Otto Schmidt, a cancer expert, who reported at Monday's meeting of the medical society here, the results of his investigation into the origin of and the responsibility of curing cancer.

Dr. Schmidt declared that he had proved through experiments and had confirmed its findings by means of repeated tests that the disease was a contagious one brought about by the presence of a parasite which had been discovered in cancerous growths. He said he had produced a vaccine with which he had healed numerous serious cases of cancer. His treatment, he says, brings about immunization against further attacks. The immunization is accomplished by a serum obtained from animals in the usual manner.

Dr. Schmidt requested the medical society to appoint a commission to test his processes and promised to place everything at the disposal of the commissioners.

POLLARD ENTERS POLITICAL RACE

Becomes Candidate Today For Attorney General of State.

THE LIST IS COMPLETE.

Wedderburn Surprises Local Politicians By Becoming Candidate For Lieutenant Governor.

Richmond, Va., June 5.—Unexpectedly this afternoon, John Garland Polard, a Richmond attorney, author of Pollards code and member of the late constitutional convention, qualified as a candidate for the democratic nomination for attorney general in the primary of August 5. He is anti machine in Virginia politcs and took an active interect in the senatorial candidacy of Jones and Glass and entertained Wm. J. Bryan on the occasion of the latter's visit here some time ago.

Richmond, Va.,—The time for the filing of nomes for state offices in the Democratic primary to be held on August 5th. closed this afternoon The complete state ticket will be as follows:

For Governor—Henry C. Stuart, of Russell County.

For Lieutenant-Governor— J. Taylor Ellyson, of Richmond; Lewis H. Machen, of Alexandria; Alexander J. Wedderburn, of Fairfax County.

For Attorney-General—Samuel W. Williams, of Wythe County; Floyd W. King, of Alleghany county, S. Gordon Cumming, of Elizabeth City County and John Garland Pollard, of Richmond.

For Commissioner of Agriculture —J. Thompson Brown, of Bedford County.; G. W. Koiner, Augusta County.

For Secretary of the Commonwealth—B. O. James.

For Superintendent of Public Instruction—R. C. Stearnes.

For State Treasurer—A. W. Harman, Jr.

The candidacy of Mr. Wedderburn came as a supprise to local politicians, following closely as it does the announcement of the candidacy of Lewis H. Machen, for the office of Lieutenant-Governor, from Alexandria. Mr. Wedderburn is the publisher of Alexandria Sunday Times. He ran against Mr. Machen for the State Senate when the latter was defeated for re-election to the State Senate some years ago by senator R. Ewell Thorton. Four years later he ran against Senator Thorton and carried the city of Alexandria. The announcement of Mr. Wedderburn caused a great deal of speculation and local comment in Richmond, The Times Dispatch says. "It was recollected that in former years Wedderburn had been active in party politics in Northern Virginia and in Washington during the days of the second Cleveland regine.

In recent years he has been less active generally, except through the columns of his paper. It is stated that he has never held political office. In the absence of a definite statement of plaform, some local men familiar with political conditions were inclined to attribute the candidacy of a second Alexandria man within two days as an evidence of old political discord between Mr. Wedderburn and Mr. Machen. Generally, the presence of two opposition candidates in the field, from whatever section they might come, and especially when they come from the same county, was taken as greatly strengthening the cause of Lieutenant-Governor Ellyson in his race for re-election. Unless some starting new feature were injected into the campaign, it was felt that a divided opposition will greatly aid Mr. Ellyson, and some went so far as to attribute Mr. Wedderburn's candidacy to a desire to accomplish that end.

Another features of the race for the position of Lieutenant-Governor is the announcement that the Anti-Saloon League wil quez all candidates as to their position on the enabilng act. The enabling act was lost in the last session by only a few votes in the Senate. Those favoring Statewide prohibition hope to draw the line even tighter this session, and it is not altogether impossible that the presiding officer of the State Senate may be called upon to cast the deciding vote which will mean the continuation of the local option policy, or the calling of a Statewide prohibition election.

Mr. Wedderburn, spent today in Richmond.

TESTED DEVICE.

Many Persons Witness Demonstration of Life-Saving Suit.

T. Edgar Aud, of Herndon, Fairfax county, Va., a big man, six feet two in his stocking feet, weighing about 190 pounds, yesterday stepped into the Potomac from a boat stationed some distance out in the river, off the end of the Norfolk and Washington Steamboat Company's wharf, in a test of an individual life saving rubber suit of his invention furnishing thrills to about a hundred spectators who had come to the river front expecting a sensational water walking entertainment.

A number of prominent business men of the city witnessed the test of the suit invented by Mr. Aud, which is made of rubber cloth, absolutely waterproof, with an air chamber to go under the arms for bouyancy. Mr. Aud remained in the water some time, demonstrating that the suit would keep a person afloat in the water and, according to the claims of the inventor, indefinitely. The invention has been indorsed by Congressmann Richard Hobson and Lewis Nixon, the authorities on life-saving devices.

Mr. Aud hopes to interest capital here in the manufacturng of the suit.

FIGHT ON FAIRFAX STREET.

Two Men Engage in Fistcuffs and Escape Before Arrival of Police.

Considerable excitement was caused on Fairfax street, between Cameron and Queen, about half past nine o'clock last night by a fight between two men. Police whistles were blown during the difficulty, but when officers arrived on the scene the combatants had vanished. People residing in the neighborhood say a tall and a short man became involved in a dispute, which resulted in the smaller attacking the larger. The latter broke away from his antagonist, but was followed by the latter and a second attack was made. The smaller man threw the taller to the ground and pummeled him until the police whistle having given an alarm, he left the prostrate man and ran. The man who came out second best also arose and vanished.

TESTING OF A NEW EXPLOSIVE

Greater Effect Than Dynamite—Can be Handled With Safety.

POWER OF HOYNESITE.

Experiments at Virginia Quarry of Columbia Granite and Dredging Company Near Chain Bridge.

Washington, June 5.—Hoynesite, a new commercial explosive, said to be both more powerful and safer than dynamite, was tested before Washington officials, scientific, men, representatives of foreign countries, and of the big powder companies, miners, and quarry workers' organizations yesterday at a Virginia quarry of the Columbia Granite nd Dderdging Company, near Chain Bridge.

Sixteen young women from the chemistry class of Trinity College were present. The Bureau of Mines was represented. Hoynesite's manufacturers say it gives off neither acid smoke nor injurious fumes. The tests were conducted by Mr. Hoynes, assisted by Loftus L. Grady, inventor of the explosive.

Hoynesite can be roughly handled without danger. A bundle was hurled from the quarry top to the bottom without effect. It was burned by a match without explosion, and a pistol ball fired at sticks failed to cause an explosion.

Later a great blast was set off in fourteen holes, and nearly the whole face of the quarry was shattered, but their was no scattering of small rocks which marks a dynamite or black powder blast.

President John White, of the United Mine Workers of America and Francis Feehan, international organizer, declared it would be a godsend to miners. Prof. Manning, of the Bureau of Mines, and Prof. Charles W. Monroe, explosive experts, also were there.

Vice President Marshall was represented by his private secretary.

FISHERMEN LOSE THEIR CASE.

Charge Against Commissioner Lee and His Subordinates Dismissed.

Colonial Beach, Vo., June 5.— The case of the Potomac river fishermen against the Virginia commissioner of fisheries and his subordinate officers, tried before United States Commissioner Matthews here yesterday, was dismissed after testimony was heard.

The Virginia officers acted within their authority, when taking up nets of fishermen who refused to pay license the court ruled.

The fishermen had charged the Virginia officers with piracy, and hoped to get the United States authorities to proceed against the state officers. Ten of the nets were taken and safely stored waiting payment of licenses and fine by the owners.

Interesting News Notes About People of Alexandria-- Happenings in Society.

A wedding of interest in Alexandria is that of Miss Nancy Catherine Pierce, daughter of Mr. and Mrs. William L. Pierce, and Mr. Herbert St. Clair Dalton, of Richmond, which took place yesterday morning at 11 o'clock in the home of the bride's parents, 2015 Grove Avenue, Richmond. The Rev. R. H. Potts, pastor of the Monument Methodist Church, officiated. The bride, wearing a traveling suit of blue silk eponge, with a hat of the same shade, entered the drawing room with her brother, Mr. Robert H. Pierce, by whom she was given away. She carried a beautiful shower bouquet of orchids and lilies of the valley. The house was decorated in palms, ferns and cut flowdrs, the effect of green and white being very well carried out Mr. L. George Carlton was the groom's best man, while the bride was unattended. Immediately after the ceremony, Mr. Dalton and his bride left for a long northern tour, and will be at home in the early fall at 1809 Park Avenue, Richmond Va:—Richmond Evening Journal.

The bride with her parents formerly resided in this city.

An interesting event of the early summer season was that of Miss Katherine Davis McCandlish of Piedmont, W. Va., and Mr. Frederick Dawson Richardson, of Fairfax Courthouse, Va. The wedding was solemnied last evening at 9 o'clock in St. James' Episcopal Church, at Piedmont, the Rev. Walter McKinley being the celebrant. Miss Evelyn Orme McCandlish will be her sister's maid of honor.

The list of bridesmaids included Miss Ruth McCandlish, another sister of the bride; Miss Swan Sloan, of Cumberland; Miss Cecelia Lee Miller, of Stephens City, Va.; Miss Virginia Richardson of Fairfax, and a sister of the groom; Miss Elizabeth Hedge, of Brunswick, Md., and Miss Louise Edwards, of Cumberland, Md.

Mr. Marcus Richardson was his brother's best man and Messrs. William H. Gaines, of Rosslyn, Va.; Charles Kemper, of Herndon, Va.; W. E. Wiley, and Richard Farr, of Fairfax; Henry McKay, of Cumberland, Mr.; and Edward G. McCandlish of New York, were the groomsmen.

There was a reception immediately after the ceremony in the home of the bride's parents, at which many guests were present. Among those who went to Piedmont for the wedding were Hon. R. Walton Moore, of Fairfax, Va.; Mr. and Mrs. Thomas Randolph Keith, Mr. and Mrs. F. W. Richardson, also of Fairfax, Va. The bride is a daughter of Mr. and Mrs. Upton Beall McCandlish, Mr. McCand being cashier and vice president of Davis National Bank, of Piedmont, and president of the First National Bank, of Hancock, Md.

Mr. Richardson is a son of Mr. and Mrs. Frederick W. Richardson, of Fairfax, and is clerk of the Fairfax court, a position which his father and grandfather held before him.

NEW LICENSE ORDINANCE.

Presidents of Two Boards of Council to Meet at 3 O'clock This Afternoon

So far as can belearned there is no change in the situation brought about last week when the two branches of the City Council failed to agree on the new license law. A meeting was held at 3 o'clock this afternoon between F. F. Marbury, president of the Board of Aldermen, and R. D. Brumback, president of the Common Council, for the purpose of discussing present conditions and, if possible, agreeing to some measure whereby the two boards, may be brought together and the vexed issue as to what assessments shall be placed upon liquor dealers settled.

Messrs. Marbury and Brumback met at the hour fixed, but after half an hour's conference it was stated that nothing definite had been agreed upon, nor was there anything to be given out for publication.

While some persons who have been watching the course of events are inclined to be pessimistic, others think they see a silver lining to the cloud, and prefer to believe the presidents of the boards will reach an agreement. Of course, this would be by no means final, as their recommendation can be adopted or rejected by a majority of either board.

Should the way seem clear to a breaking of the deadlock, a meeting of both boards of the City Council will be held tomorrow night.

YOUTH ARRESTED.

Officer Kern this morning took in custody a strange youth who failed to give a satisfactory account of himself and conducted him to the station house. He gave his name as James Ferris, hs age as 18 years, and said he had left a school conducted by his brother in Philadephia. The authorities of that city have been notified, and he will be held subject to their action.

Wear and Wash Perfectly

To say that the Bates Street Silk Shirt is a high-grade garment does not begin to emphasize its excellence either generally or in several particulars in which it so notably excels.

Absolutely pure Silk, not adulterated with any other inferior materials; will wash well, wear and give complete satisfaction.

Made under the most modern conditions, by the Bates Street Shirt Company, one of the oldest and most reliable firms in New England, which confines its products solely to us in Washington.

These shirts are cut on well balanced lines, secured from a scientific study of the different proportions of men, which result in each one fitting nearest to perfection than any ready-for-wear garment can; finished with superfine pearl buttons sewed on by hand.

Every Shirt bears the stamp of a custom made garment; the little details so prominent because of their importance are perfect.

The purpose was land the convention, and it was accomplished, notwithstanding that Buffalo, N. Y., has been virtually promised the 1914 meeting when Springfield was given the choice last year, and it made a strong fight against Richmond.

JAPAN AND HER TREASURY.

We have read so much Japanese war talk written by sensational newspaper during the last year or so, and the action of the California legislature in passing an anti-alien land law has done so much to keep the talk current, that a discussion of the war question from a cold financial standpoint is in order to convince sober readers that a war between this country and Japan is beyond the range of probability, unless we take the initiative and force a way upon the orientals. The matter is briefly summed up. Japan can't afford it. Whatever depth the indignation of the Nipponese is stirred by our affronts, real or fancied, to their national dignity, a calm consideration of the condition of their treasury should convince the wiley Eastern people that a war would mean an extravagance that they could little afford at this time.

However confident they may have become in their war-like prowess at the time of their victory over Russia, the conflict brought them not a single cent of war indemnity and not a single foot of land from which to derive additional revenue. They are today staggering under a burden of indebtedness which, in view of their limited facilities for raisng revenue is enormous. In 1912 their national debt amounted to $1,271,745,000 on which the interest and other annual charges amounted to $70,877,000. As large as these figures appear, the debt would not be so great a burden if borne by this nation or several of the great European powers, but financial conditions in Japan are very different from the situation of the larger white nations.

For example, the average net annual earnings of a Japanese farmer amount to $18.00. This may be sufficient to give him a comfortable living in the orient, but it does not admit of very heavy taxation for the payment of burdensome war debts. The amount of current money among the Japanese is the smallest per capita, known among nations with any claim to pretensions as world powers. Our own per capita share of money amounts to $32.21, but the average Jap can only claim $3.73.

When we figure just what a money-using pastime modern warfare may become between determined nations; when we realize that the cost of a single torpedo is three thousand dollars but that, if properly directed, it can destroy a ten million dollar dreadnought it is reasonable to suppose that conservative Japanese might be willing to withhold a little patriotic enthusiasm upon consideration of the profits from just how man yrice fields it will take to build a battleship.

PATHETIC CASE OF LUNACY.

It is comforting to think of our American suffragettes exhibiting a little sanity and some true womanly qualities in their efforts to obtain the ballot. Their English sisters are daily demonstrating their unfitness for this privilege. The latest light-headed attempt to gain notoriety was performed by the deluded woman who threw herself at the bridle of the King's entry in the famous Derby, at Epsom, England, yesterday. She is, doubtless ,fatally injured and expected to be when she determined upon this bit of recklessness. In the event of her death no doubt her sister-rioters will try to immortalize her fame as a martyr in a glorious cause. The world will pity her, and the cause of woman's suffrage will have received another set-back.

A sentence for a year and a day for Jack Johnson. It is to sigh. An Alexandria jury would have done so much better.

The graduates are leaving for home and many a college widow has donned her weeds.

Weddings, weddings, every day this month. Of course, they must be present, but who ever heard of a June groom?

The fact that all the lobbyists, like all good Indians, are dead, becomes more apparent every day.

EXCITEMENT ON A STEAMER.

Demented Passenger Attempts to Take Charge of Vessel.

New York, June 5—The Oruba, which docked yesterday from Southampton, after touching at the Azores and West Indies, brought a story of a passenger who tried to capture the vessel singlehanded. He was captured by the ship's surgeon and the first officer at the risk of their lives.

Passengers were aroused by wild singing and shrieks which came from a cabin on the main deck on Sunday night, May 25, Soon a man, who was known as John Cunningham, from Southampton, appeared on the boat deck, two long knives in his belt and a revolver in each hand He began shooting right and left.

The passengers scattered. The captain called for volunteers to subdue the man. Dr. Morton and first Officer Green offered themselves, and crawling along the deck, discovered the man in a lifeboat.

He sprang up and began firing When his ammunition gave out he drew a knife, made for Dr. Morton, and chased him into the rigging. As the maniac started to follow the first officer caught him from behind. The man was put ashore at Colon, and will be taken back to England on the ship's return trip.

HEAVY SLUMPS IN STOCK.

Avalanche of Liquidation Rushes Prices Downward.

New York, June 5—The irregularity and heaviness which have been the distinguishing features of the local stock market recently culminated yesterday in an avalanche of liquidation during the first two hours greater than any witnessed for many months, which carried prices of important issues to lowest quotations registered in a considerable period of time.

The movement centered largely about such representative stocks as Union Pacific, Reading, Great Northern preferred, Northern Pacific, Lehigh Valley, United States Steel, Amalgamated Copper and American Smelting.

Numerous other stocks of less prominence also felt the force of the impact which resulted in an overturn of 500,000 shares by noon.

The decline was partly checked during the afternoon upon advices from Washington that all reports respecting Government prosecution were as yet premature. Short covering helped materially in the further recovery recorded in final dealings, but net results showed an unusually large number of severe losses.

Total sales approximated 800,000 shares, the day's business embracing probably a larger number of issues than on any day of the year.

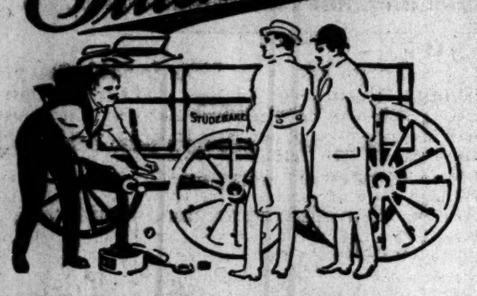
Studebaker



"Studebaker wagons certainly last a long time"

"I have had this wagon twenty-two years, and during that time it cost me only $6.00 for repairs, and that was for setting two tires."

"And after twenty-two years of daily use in good and bad weather and over all kinds of roads, I will put this wagon against any *new* wagon of another make that you can buy today."

"Studebaker wagons are built of air-dried lumber and tested iron and steel. Even the paint and varnish are subjected to a laboratory test to insure wearing qualities."

"No wagon made is subjected to as many tests or is more carefully made than a Studebaker. You can buy them of Studebaker dealers everywhere."

"Don't listen to the dealer who wants to sell you a cheap wagon, represented to be 'just as good' as a Studebaker."

Farm wagons, trucks, dump wagons and carts, delivery wagons, buggies, surreys, depot wagons—and harness of all kinds of the same high standard as the Studebaker vehicles.

NEWS OF THE DAY.

Finding William Miller, a prominent business man and churchman, and Mrs. Whitten together in the beautiful Whitten home at Williamson, W .Va., Tuesday night, J. R. Whitten, a wealthy coal operator, proceeded to send a bullet through Miller's hat, and when the latter attempted to draw a gun first win his right hand, Whitten shot his fingers away. Desperate and cornered, Miller tried to draw with his left hand, but again Whitten's accurate shooting winged Miller, disabling his remaining hand. Miller and Mrs. Whitten were arrested on a misdemeanor charge.

Mrs Edith Trimmer Hood, an 18-year-old bridde died yesterday in Toronto, Ohio, from injuries received on her wedding day, three weeks ago, when she jumped from a wagon to escape serenaders. After the wedding Hood and his bride were surrounded by friends and lifted into a farm wagon. Mrs. Hood jumped form the wagon, and in doing so tripped on straw and fell headlong. Unconscious she was carried into her mother's home. A blood clot formed on her brain.

When Constable George Bird, of Farrell, Pa., with a warrant charging disorderly conduct, went to arrest "Big Annie" Long—weight about 550 pounds— he whistled. When Bird reached the Long home he found that "Big Annie" had prepared for his coming. Answering the constable's knock with an invitation to come in "Big Annie" informed Bird that her clothes were hidden, and he could take her as she was. Calling Policeman Fisher, Bird got a dray, and the two officers then tore down several lace curtains, with which they adorned "Big Annie" and carried her off to jail. "Big Annie" regularly chastises her husband.

Hatpins and screwdrivers, concealed in their sleeves were used yesterday by girls employed at the Jacob Gerhardt shirt factory in Hazelton, Pa., when approached by pickets of the mine workers' union and other labor crafts and asked to remain away from their places because some of the hands are still on strike since the inception of trouble at the plant in the winter.

A series of extraordinary incidents marked the running of the Derby over the course at Epsom Downs Eng., yesterday. Miss Emily Wilding Davison militant suffragette, rushed onto the track as the large field of horses swept around Tottenham Corner and grabbed the bridle of the King's horse. "Anmer" causing the animal to rear and fall, burying both his jockey and Miss Davison. In the melee which followed, both the jockey, Herbert Jones, and Miss Davison were seriously injured by the flying hoofs of the frightened animal. Miss Davison lies in a critical condition and it is beleved that she will not survive.

Postmaster L. W. Dutro, of Memphis, Tenn., in the Federal Court yesterday was found guilty on four counts, charging him with receiving money for political purposes. A fine of $1 and costs on each count was assessed. Because of ignorance of the law Dutro was only technically guilty.

Damage exceeding $75,000 was done early yesterday by a suffragette "arson squad" which set fire to a newly constructed, but unoccupied mansion at Westwood, near Trowbridge, Wiltshire, England.

Only the Necessities?

Do you buy only the absolute necessities of life? If so, then you must limit yourself to something to eat, something to wear, and something to live in. Or do you demand some of the things which go to make a higher life?

The Bell telephone may not be an absolute necessity to you; but it is a comfort, a convenience, a safety, a friend and companion, an aid to better living.

VIRGINIA HIGHLANDS

Most Beautiful Location between Alexandria and Washington

THE SITE IS IDEAL

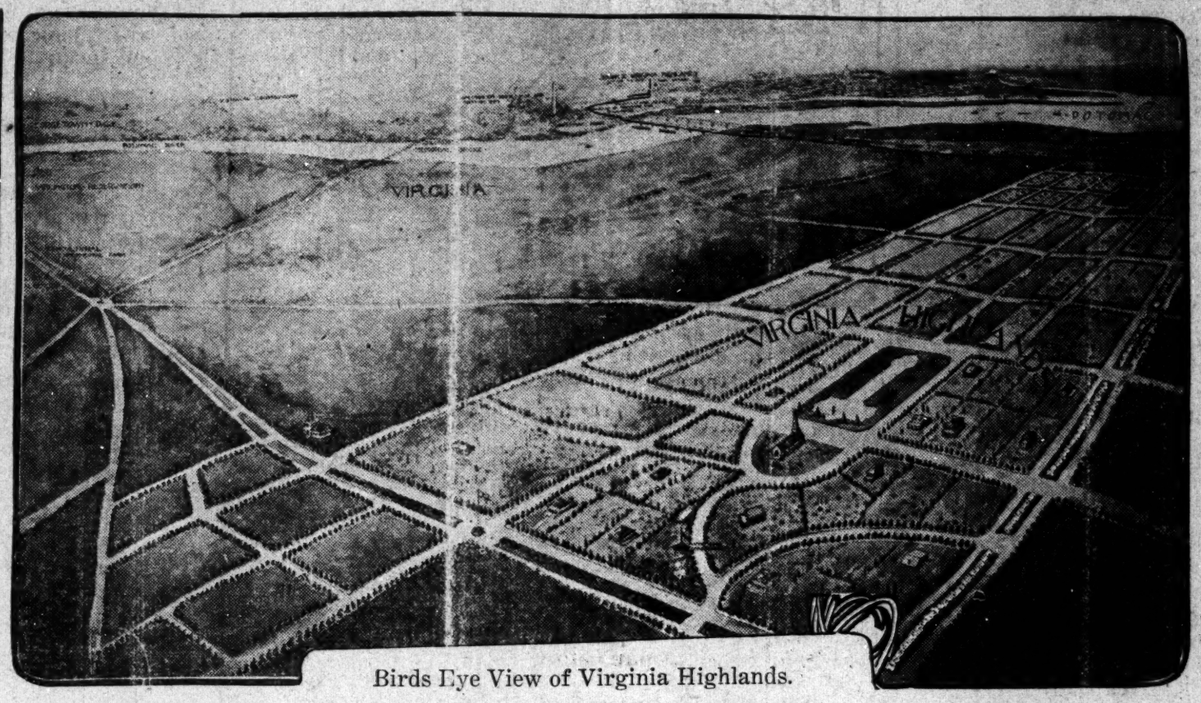
The site is ideal on a plateau higher than the dome of the capitol, affording a superb view of Washington and the Potomac River.

It has a frontage of several thousand feet on Mt. Vernon Avenue, which will be made a national boulevard.

It is only 12 minutes 'ride from Penn. ave. and 12th street electric trains, Mt. Vernon and Alexandria division, and 12 minutes' ride from Alexandria.

The Arlington Memorial Bridge will soon be a reality, as the public buildings act recently passed provides for a commission to select the most suitable design for the bridge.

The bridge will enhance the value of lots in Virginia Highlands and make it more convenient to the city.



Birds Eye View of Virginia Highlands.

BUY NOW and BUILD

Buy now and build a home and stop paying rent.

Buy now for investment and reap the big increase in value.

Large lots from $200 to $300; $10 cash and $5.00 per month.

25 Houses have now been completed; water, electricity, etc.

Our office on grounds open from 1 to 6 P. M.

See the property not later than Saturday or Sunday next; the choicest lots are going fast.

Commutation tickets will be sold by railroad at rate of about 7 cents each way. Our lots we sell you are exempt from taxes and interest during life of contract.

FIFTEEN DAYS SAVED EVERY YEAR.

Fifteen days saved eath year by living at Virginia Highlands: If it takes you 27 minutes to go from your home to the heart of Washington, you save 15 days each year by living at Virginia Highlands, 12 minutes ride by fast electric trains from the Post Office. As compared with 27 minutes, you will save 15 minutes each way making one-half hour each day, three hours each week. 52 weeks of such time saving, makes 156 hours. This divided by the 10-hour working days, makes more than 15 days saved each year. COUNT WHAT YOUR TIME IS WORTH; why waste from 10 to 30 days a year, hanging to a strap in the slow crowded street cars.

Men, Women and Children were Never Intended to be Cooped up in a City.

But we are awakening, improved transportation and fast electric trains makes suburban life not only possible but convenient. Washington was practically without suburbs ten years ago.

Have you seen the newest, and the nearest and the most modern one of all—VIRGINIA HIGHLANDS? Here await you the greatest gifts of God—fresh air, sunshine and health. A life nearer to Nature, and all the delights which she has in store for you (where life is worth living in the suburb of contentment). Do you know the joys of being awakened in the country by the song-birds, and a visit to your own garden with its plants and flowers and perhaps fresh vegetables, do you know the delight of just watching things grow, especially when they're your own? Virginia Highlands is intended for refined people of moderate means. You need not be ashamed to be your own gardener. There is a delight in working out-of-doors, (comfortably dressed) to get physically tired and genuinely hungry. **If your are living in the city you are losing half of your life,** and your children cannot be real children in the city; they must have room to romp and roam free from danger of street accidents. At Virginia Highlands the children are the pictures of health, brown as berries and growing up like weeds to healthy robust men and women.

VIRGINIA HIGHLANDS is a suburb of Ideals and Ideas, situated not far fromthe great Government wireless station, whose lofty towers beckon you to come, and live, on the beautiful hills of Virginia. It is all planned by the architect MILTON DANA MORRILL, with parks, playgrounds, gardens and flowers.

We will build for you an ideal home, A poured bungalow reducing house work and servant hire and providing the convenience of a city apartment with the comfort, health and delights of the country, close to Nature's garden where you can sleep out-of-doors, and live in the glorious open air and some of the houses cost only $1,000.00 small cash payment—rest same as rent.

A HOME OF CONCRETE.

Edison prophesied that the home of tomorrow would be reinforced concrete, Sub-stantial, Sanitary, Attractive, and everlasting. The prophecy has already been realized,and **Virginia Highlands, the first cement city** in the world, shows the great value and advantage of the **Poured Houses**, where you can yourself see, ask and investigate. These houses are dry, warm, and the best and latest in architecture and design; the maximum of comfort and convenience at the minimum of cost.

LOTS AT LOW PRICES.

A rare chance to buy land at low prices. —**$200 to $300 per Lot. Easy Terms. $10.00Cash. $5.00. per Month.**

An Opportunity lost is gone forever. Do not let this one pass.

It is better to investigate twenty propositions than to miss one opportunity.

A card will bring leaflet and pictures of our ideal homes, Poured Cement Houses and Bungalows, or better take electric car and ride out to the property and see for yourself.

The house that was poured in a day will interest you. There are many already built and occupied.

OPPORTUNITY KNOCKS AT YOUR DOOR.

The shrewd Russel Sage said:—"Young man buy real estate and then work hard at your usual vocation. Your real estate purchase will make your old age comfortable.

Andrew Carnegie: Real Estate is the very best investment for small savings. It is bound to grow into money. More fortunes have been made from rise in values in real estate than from all other sources combined."

Ex-President Cleveland:—"No investment on earth is so safe, so sure, so certainto enrich its owner as undeveloped realty. I always advise my young friends to place their savings in real estate near some growing town. There is no such saving bank anywhere."

Ex-President Roosevelt:"Every one who invests in well selected real estate in a growing section adopts the surest and safest method of becoming independent. For real estate is the basis all wealth.'

An attractive 6-room poured house on 50-foot lot. Price, $3,000.00, easy terms, same as rent.

START NOW TO SAVE

For your home or for investment. The best and easiest way is to select your lot and make payment of $10. Take the electric cars to Virginia Highland and see for yourself this attractive property. THE HOUSE THAT WAS POURED IN A DAY; the many attractive poured houses that are built. It will interest you.

See the especially desirable plots which are now available from $200.00 to $300.00 in payments of $5.00 per month. This is an opportunity worthy of your immediate attention. Don't let it pass.

VIRGINIA HIGHLANDS.

Alexandria's beautiful suburb, only twelve minutes ride from the city of Alexandria, on the Washington and Virginia Electric R. R., appeals to the refined family of moderate income, affording an attractive, convenient place of residence. Building costs and living costs here are 25 per cent less than in Washington or Alexandria. Up-building means rise of land values. Hundreds of home-builders havetheir lots nearly paid for and the building activity is continually increasing. Our installment plan of $5 a month gives you a method of systematic saving. You will not miss it and before you know it your lots are paid for, to build on or to sell. We will help you to build.

The Virginia Highland properties are now opening upon the third year.

Twenty-five houses are built a system of delicious spring water has been installed;electric lights,cheap electricity for cooking, is at hand. Several miles of sidewalks have been completed, and the building activity is increasing continually, and prices are now low, only six cents a square foot.

Virginia Highlands Association stands for the square deal.
